

Orlando Swing Frame

Item #4576-1-250

Description

The Orlando Swing Frame is designed for safety and durability. Its low friction pivot joints, equipped with a swing limiter, prioritize the safety of young adventurers by minimizing the risk of abrupt movements. This thoughtful design enhances the overall stability and encourages worry-free play. Additionally, the frame's compatibility with the ADA Compliant Original Bird's Nest (Item #4650-18) promotes inclusive play, emphasizing the importance of shared experiences.

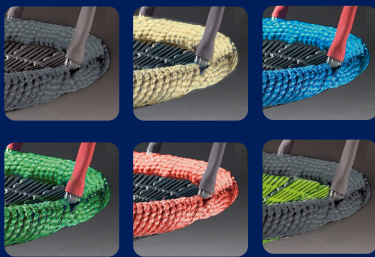

Features

- Corrosion-resistant galvanized finish
- Low friction pivot joints with swing limiter
- Compatible with the Original Bird's Nest
